AMBULANCE ORDINANCE PUBLIC HEARING

Commissioner Kippley arrived at 9:03 a.m.

Jason Gearman, Director of Emergency Management, was present for the second reading and public hearing on the revision to the ambulance ordinance service area map. There are three main reasons for the service area map changes. The first reason is that Crooks has previously contracted with MedStar as the surrounding area is MedStar's service area. In 2022, Crooks decided to contract with Dells Rapids Ambulance, which has caused some issues with dispatch in certain scenarios, where one side of the street is Dell Rapids Ambulance and the other side may be MedStar. The second reason for the update is that the service areas have not been updated since 2016 and, since that time, the City of Sioux Falls and other towns in Minnehaha County have expanded their city limits. The final reason for the update is that the update will avoid ambulances traveling through other ambulances' service areas while responding to their calls unless it is a mutual aid situation. All the Minnehaha County ambulance services have provided input into the proposed changes to the service area map and have agreed with the changes.

Chair Bender asked for proponents and opponents to speak on the topic. There were no proponents or opponents in attendance to speak on the topic.

MOTION by Karsky, seconded by Beninga, to adopt the Revised Ambulance Ordinance Service Area Map with an effective date of January 5, 2024. By roll call vote: 5 ayes.

Upon the request of Jason Gearman, Director of Emergency Management, MOTION by Beninga, seconded by Bleyenbergh, to authorize the Auditor's Office to publish a Notice of Ordinance Fact of Adoption. By roll call vote: 5 ayes.

TEXT AMENDMENT PUBLIC HEARING

Kevin Hoekman, Planner, was present for the second reading and public hearing to consider an amendment to the 1990 Revised Zoning Ordinance for Minnehaha County to Regulate Intermodal Shipping/Storage Containers. Shipping containers are increasingly being used for various purposes, including individual storage and as building blocks for construction throughout Minnehaha County. The increasing use of shipping containers is leading to increasing complaints by neighbors concerned about the unsightliness of the metal boxes. Regulations regarding the use of shipping containers do not exist in the zoning ordinance, but the most recent building code book includes a section to regulate the use of shipping containers as a building material for larger structures such as sheds and even houses. The Planning Commission began a review of several ordinances throughout the country during the May 22nd meeting with additional review being held during the August 28th meeting. The final draft was reviewed and unanimously approved by the Planning Commission during the October 23, 2023, meeting. The proposed ordinance makes changes to three sections of the zoning ordinance. The greatest amount of change takes place in the accessory building section of the additional use chapter of the ordinance. Regulations for Intermodal shipping/storage containers are included with general requirements and specific to each zoning district. The temporary use section added a 90-day allowance for shipping containers without a building permit. The proposed revision also includes an addition to the definitions chapter.

Chair Bender asked for proponents and opponents to speak on the topic. There were no proponents or opponents in attendance to speak on the topic.

MOTION by Karsky, seconded by Kippley, to amend the 1990 Revised Zoning Ordinance for Minnehaha County to Regulate Intermodal Shipping/Storage Containers. By roll call vote: 5 ayes.

RESOLUTION

POLICY UPDATE

Tom Greco, Commission Administrative Officer, presented a request for approval for the revised limited public use policy. The Minnehaha County buildings exist to accommodate the business of the county government and the citizens of Minnehaha County. While Minnehaha County appreciates those citizens who wish to take an active role in government decisions at all levels, the County Buildings must accommodate many people every day without any unnecessary delay or inconvenience. Following a legal challenge, portions of the current limited Public Use Policy have been enjoined by the Court and have not been enforced following the Court's order.

Following a review of the Court's order and the necessity to provide reasonable access to the Minnehaha County Administration Building including, without limitations, those with mobility disabilities, a revised Limited Use Policy has been drafted. The revised policy eliminates the previous 'designated area' and creates a 'non-interference zone' which includes the handicap accessible curb ramp at the west entrance of the Administration Building. MOTION by Karsky, seconded by Bleyenbergh, to approve a Revised Limited Public Use Policy. 5 ayes.
